Equipment

Vehicle Description

The all new Honda Dio 110cc Scooter

With a modern and stylish exterior, Honda's Dio is the perfect scooter companion for navigating city streets during your daily commute or making efficient food deliveries. Its sleek design and comfortable seating for two make it ideal for maneuvering through urban traffic with ease, while its lightweight build ensures nimble handling.

Powered by a fuel-efficient 108cc four-stroke engine with PGM-FI technology, the Dio offers reliable performance while minimizing environmental impact and reducing operating costs, making it an excellent choice for city dwellers and delivery professionals alike. The addition of an Idle Stop function enhances fuel efficiency, reducing consumption during brief stops common in city traffic.

The Dio's larger-than-average wheels provide stable handling, complemented by Honda's Combined Braking System (CBS) for confident stopping power in busy urban environments. Its spacious under-seat storage compartment, electric start, and generous 4.9-liter fuel tank further enhance its suitability for city commuting and food delivery tasks.

Even during nighttime hours, the Dio remains a dependable companion with its dual-tiered headlight system, ensuring clear visibility for safe navigation through city streets.

Why choose Leasie?

Leasie makes owning your own scooter possible by offering a quick and easy approval process. Our simple lease-to-own plans are suited to customers that find it difficult to get finance approval through traditional lenders.

The Leasie difference:

- No credit checks required
- Fixed weekly repayments
- Once off establishment fee
- No early termination fees - pay out your lease at any time

What's included:

- 12 months Registration and Third-Party insurance

- Road worthy certificates provided for all vehicles (applicable to used vehicles)

Leasie approves over 90% of all applications submitted, so apply today and own your own scooter in as little as 24 months.
